About Us

Warsi Medico System and Services is a reputed manufacturer and supplier of Hospital Furniture and Medical Equipments. Being in a business for a long time helps a lot and that experience shows in the quality of our products. Our emphasis on the precision and finish speak aloud in our products.

There can be no better advertisement for your work than the 'word of mouth' publicity by our existing clients. Their appreciations of our products means a lot of us and inspires us to do even better.

In the competitive business environment of today it is becoming more and more difficult each passing day to maintain standard of quality but that is not the case with us, on the contrary we keep on finding ways to improve upon our products and that's exactly what's keeping us a head of competition.

We have recently worked a lot on studying latest technology used in making such products worldwide and we have started incorporating that terms of machines and process. We assure you that when you are buying a WMS product, you are buying one of the best.

To Highlight a few of our achievement in this in a Long Period of 40 Year We Have Commissioned more then 500 Hospital and are enjoying a leading position in the our segment across all over INDIA as well as in other Countries like Nepal, Bhutan, Bangladesh etc

Vision

Our mission is to provide Quality Products the services to the clients and customers, fulfilling the objectives at macro level, while accuracy is maintained in micro level and stand as an ideal service provider in respective domains, with world class service delivery.

Mission

To source, supply and service high quality medical equipment to both public and private Institutions, to train and to provide product knowledge to the users of the machines supplied.

Team

We continuously invest on human resources, technological infrastructure and training of our collaborators and partners to ensure supply of excellent products and services.

Quality Policy

We will supply our internal and external customers with products and services which conform to clearly established requirements. Requirements must be future oriented and performance benchmarked against the competition to guarantee long-term user satisfaction. We will continually improve business processes and operational performance to better meet our customers' expectations through the delivery of reliable services around-the-clock, worldwide.
